Avery Dennison® Monarch® 9878 Mobile Workstation

Easily navigate your aisles and rounders

The Avery Dennison® Monarch® 9878 Mobile Workstation is an efficient, self-contained alternative to back room batch printing. Just place your label, tag or sign printer on this lightweight workstation and take your printing where you need it.

Small enough to navigate your aisles, big enough to handle your stationary printer to accomplish tasks, such as:

- Sign Printing
- In-Aisle Printing
- Markdowns
- Shelf Labeling

Avery Dennison® Monarch® 9878 Mobile Workstation

Improve pricing productivity

- Pricing tasks can be achieved in “one lap” of the department.”
- The 12amp battery charger enables minimal recharging time.
- The Mobile Workstation is easily navigated. It can be moved up and down the aisles to perform markdowns, and also easily moved to the point-of-sale for re ticketing.

Quick and easy sign printing

- Enables more efficient and accurate sign printing. The sign is printed in the same areas as the product, allowing for real-time verification of the correct sign. No sorting, organizing, or manual matching needed.
- No need to print extra signs. Print what you need, when you need it.
- Promotional signs are in place sooner, increasing the visibility of sales for your customers.
- Allows for your associates to be on the selling floor, not in the back room printing signs.
